# Cool Offices: Tax firm moves to modern Wayne headquarters

Oct 16, 2017, 7:40am EDT

After a decade at the Radnor Financial Center, **Global Tax Management** moved to a new home that has an expansive kitchen and flexible meeting spaces for its staff.

“Over the years, our growth prompted us to take bits and pieces of the office space around us, leading to a less than desirable layout and functional space for our group,” noted said Laurinaitis, CEO & Executive Director of **Global Tax Management** (GTM).

GTM didn't travel far in selecting their new space and building it out earlier this year.

“We chose Wayne as a perfect proximity to so many of our clients in the King of Prussia vicinity and to be accessible to the surrounding areas.”
